

# NARVA® NEW PRODUCT RELEASE

October 2011

## L.E.D. MAP/READING LIGHT

Narva is proud to release two powerful L.E.D interior map/reading lights suitable for a wide range of applications. Ideal for permanent fixture in caravans, camper trailers and trucks. The new L.E.D map/reading lights feature a powerful 1W L.E.D providing a crisp clear light output designed to reduce eye strain when reading.

Light activation is made easy via the integrated ON/OFF lens switch, whilst the flexible arm enables quick and easy light adjustment. L.E.D Map/Reading lights are available in both 15cm & 40cm flexible arm options to best suit the required application.

All L.E.D map reading lights are subject to a 5 year L.E.D warranty.
