

NEW PRODUCT RELEASE

Automotive Globe Cabinets

Narva Automotive Globe Cabinets

In the lead up to the 2020 winter period, Narva are excited to release their brand-new Automotive Globe Cabinets. Freshly styled and with practicality in mind, the new Narva Automotive Globe Cabinets have been created to suit constant workshop usage. The new Cabinets come finished in a fantastic 'Narva Blue' complete with a screen printed logo.

The Narva Automotive Globe Cabinets have been designed with sturdy tool chest quality drawer runners, allowing for a reliable smooth drawer operation every time. Like the cabinet, the drawer runners are built with a reliable steel finish to ensure longevity.

The Narva Globe Cabinets are extremely versatile, allowing for globes, consumables and tools to be stored securely. The clear Perspex front drawer faces make keeping an eye on available stock and stock-taking a breeze. Individual drawers and a hidden shelf also protect higher priced items, keeping them separate and organised from common use products. The Narva Globe Cabinets are lockable and have a magnetised door to enhance security making them ideal for any workshop but also great for the home handyman. The Narva Automotive Globe Cabinets are wall mountable also include rubber floor stoppers to elevate and protect the base.

Features

- Reliable and premium steel construction
- Clear drawer fronts for easy stock management
- Wall mountable
- Versatile drawer system allows for customisation
- Lockable, magnetic door increases product security
- Hidden shelf protects high value product

The Narva Automotive Globe Cabinets are available in kits ensuring tailored stock lists are available for desired use.

The Globe Cabinet is **FREE** with any Narva globe pack purchase.
