

NEW PRODUCT RELEASE

Multi-function Auxiliary Light Bars

Narva Multi-Function Auxiliary Light Bars

As the Australian/New Zealand dual cab utility market continues to grow, Narva have introduced a range of Multi-Function Auxiliary Light Bars that provide a variety of commercial and off-road solutions in a wide range of applications.

The Narva Multi-Function Auxiliary Light Bars can be used to increase the visibility of your vehicle's existing signalling capabilities to increase safety and awareness of your daily drive, whilst adding a variety of sleek warning lamps for commercial vehicles. The Narva Multi-Function Auxiliary Light Bars are available in a wide variety of colours to suit your requirements.

P/No: 85044ARW

Multi-Function Auxiliary Light Bar (Amber / Red / White)

Ideal for fitment to most ute tailgates and roll bars providing Stop, Tail, Indicator and Reverse functions. Maximises visibility of the vehicle for increased safety. The Amber, Red and White function provides a versatile and unique addition to your vehicle.

P/No. 85044ARW

The amber/white combination make vehicles highly visible on site, and the slim design ensures a tidy finish on your vehicle when not in use. Narva Auxiliary Light Bars (85044A/85044AW only) are included with a remote which can provide the user with the ability to switch between eight (8) flash patterns, customising the flash pattern speed to suit.

The sleek and low-profile design allows the Narva Multi-Function Auxiliary Light Bars to a few versatile positions on your vehicle. Mounting via supplied double sided tape or metal clips, the Narva Auxiliary Light Bars are easy to install and are supplied with a wiring harness to ensure minimal additional wiring is required.

Features:

- Sleek and low-profile design
- Easy fitment with supplied double-sided tape or metal clips
- 840 x L.E.Ds (280 x white, 280 x red, 280 x amber)
- 1200mm length
- Weatherproof IP68 Rated

Current Draw: 0.6A at 12V

NOTE: 85044ARW is not ADR approved, for off-road use only

NEW PRODUCT RELEASE
